

A Message for National Representatives

By Judy Gorin

Research & Membership Development

I hope you all are enjoying the remaining days of summer. To those who attended the Multiples of America convention in Louisville, I hope you had a great time, enjoyed the speakers and business meetings, won a raffle, and caught up with/or made new multiple birth mom friends.

Please remember to share information about Multiples of America with your local club members at your local meetings, or share it electronically if your club has a Facebook page or club newsletter. The most important date to remember as the new term of Multiples of America begins is **September 30, 2024 — the deadline for renewing your club's membership.**

If you are a newly elected National Representative for your club, please find below the link to our club Tips Sheet made especially for National Representatives:

<https://multiplesofamerica.org/wp-content/uploads/2023/10/CLUB-TIPS-for-National-Reps-FINAL.pdf>

The Members' Only section of our website also has a toolkit for new members. The National Reps can share the URL with their club members, so they can learn the benefits and services of Multiples of America.

There will many more newsletters and programs as this new term gets started.

If you serve as your club's National Representative and have further questions, please contact Judy Gorin, National Representative Liaison, at membership@multiplesofamerica.org.
